MAN WAH SUN CHUEN

渡船街

文華新村 是一個舊式住宅屋苑，於70年代落成。8座綜合用途建築物全部以「文」字為首，因此又有「八文樓」之稱。原先三面環海，填海後被陸地包圍是本港現存最後一個為適應街影法，而使用高層退台方法建造的屋苑。

Man Wah Sun Chuen is an old-style residential estate and completed in the 70s. It is composed of 8 buildings named with the same first Chinese character 'Man', therefore, it was also named "Eight Man Buildings". It was originally surrounded by sea on three sides but was surrounded by land after reclamation. This is the last estate in Hong Kong that is built to suit the street shadow method.
